COMMERCIAL CLUB WEEKLY MEETING

Steps Taken Looking to a Big Barbecue on A. & M. Campus During Farmers' Short Course.

The directors of the Commercial Club held their regular weekly meeting at the club room this morning at 10 o'clock, with President Wilkerson in the chair.

The following directors answered to roll call: A. W. Wilkerson, L. M. Hewitt, R. S. Webb, J. S. Doane, W. S. Wilson Jr., L. L. McInnis, J. Webb Howell, J. L. Edge, A. M. Waldrop, J. M. Caldwell, Tyler Haswell, John A. Moore, M. E. Wallace.

The following visitors were present: Prof. E. J. Kyle of the A. & M. College, Dr. Proctor of the A. & M. College, E. H. Astin, A. W. Buchanan, J. T. Lawler, J. E. Covey.

After a full discussion of the revenues of the Commercial Club, it was moved by Major McInnis that the monthly dues be used first to defray the fixed expenses of the club, viz., salaries of secretary and stenographer, office rent, postage, phone rents and charges, and that when these fixed expenses have been met, that any balance left over be applied to entertaining such visitors, committees and delegations as in the opinion of the club will prove beneficial to the general business interests of Bryan.

This motion was seconded by J. Webb Howell and carried by a unanimous vote.

A motion was then made and carried that the president and secretary of the club be instructed to prepare an address to the membership of the club, setting forth the reasons for this action by the directors.

Mr. Waldrop made a verbal report on the proposed moving picture shows to be given by the club in the different communities in the county. His committee was granted further time.

Mr. Webb made a brief report on the matter of making a trade excursion to the lower extension of the Bryan & Central Texas Interurban Railroad. The trade excursion committee will investigate the matter of making a trip into this territory the early part of next week.

The question of certain road improvements needed in Burleson County to enable the farmers to reach the stations along the Bryan & Central Texas Interurban Railroad, was brought up and referred to a committee composed of Major McInnis, John K. Parker and A. S. Adams.

Prof. E. J. Kyle and Special Agent W. P. Proctor of the college appeared before the directors and asked for support toward holding a "farmers' barbecue" at the college during the short course for farmers.

After a full discussion of the matter

it was moved by Mr. Wilson that the whole matter be turned over to the agricultural committee, acting jointly with the advertising committee, with instructions to give the project the hearty endorsement of the club, and to ask for donations for the purpose from the business men of Bryan. It was the unanimous opinion of the directors that this barbecue offers a splendid opportunity for the farmers of Brazos County to get in touch with the real efforts the college is making in their behalf.

J. E. Covey appeared before the meeting with a proposition dealing with the rates the city is charging the Bryan Hospital for water, lights and sewerage. Mr. Covey gave it as his opinion that these rates are unnecessarily high, in view of the fact that the hospital is, in a sense, a public institution and one greatly needed in Bryan.

This suggestion to reduce the rates charged this institution was endorsed by J. Webb Howell, who moved that the municipal affairs committee of the club be requested to appear before the city council and ask that the charges for water, lights and sewerage for the hospital be placed at actual cost of service.

On motion the meeting adjourned until Tuesday, July 14.

H. L. McKnight, Secretary.

FIRST ELIMINATION RACE.

Newport, R. I., July 7.—The first of the trial races between the Resolute, Defiance and Vanitie to count in the selection of the America's Cup defender will be held today. This race will be the feature of the annual regatta of the Eastern Yacht Club. The three vessels will race continuously until the 15th of the month, and also during the third week in August. The courses lie between Brenton Reef, Vineyard Sound Lightvessel and Block Island. It is all virtually open water, with no inshore work, except along the Rhode Island shore. While the currents differ greatly from those off Sandy Hook, where the actual cup contests in September will be held, yachtsmen consider the experience to be gained far more beneficial than that which can be derived from racing on Long Island. During the last week the yachts have been hauled out and made ready in every possible way for the elimination trials. The Resolute has won most of the races sailed on the sound, though the Vanitie has had several changes made during this last overhauling which may make her a closer contender.

PORT ARTHUR MAN FINDS HEALTH IN WONDERFUL STOMACH REMEDY

Sufferer Is Restored and Makes Remarkable Gain in Weight on Few Doses.

J. F. Stoneburner of Port Arthur, Texas, suffered from stomach ailments for a long time. He fell off in weight and took treatment without apparent benefit. He tried physician after physician until he almost lost hope.

He took Mayr's Wonderful Stomach Remedy, then wrote:

"I have taken all of your wonderful stomach remedy and got good results from it. I have gained in weight since starting on your remedy—twenty-one pounds so far. I was under the care of five doctors for about six months before I got your medicine. I am entirely well."

Mr. Stoneburner's experience is typical of that of the thousands who have taken Mayr's Wonderful Stomach Remedy. Thousands of letters from

people who have appreciated its wonderful benefits come from all parts of the country.

Mayr's Wonderful Stomach Remedy clears the digestive tract of mucous accretions and removes poisonous matter. It brings swift relief to sufferers from stomach, liver and bowel troubles. Many say that it has saved them from dangerous operations and many are sure it saved their lives.

The remarkable success of this remedy has caused many imitations, so be cautious. Be sure it's Mayr's. Probably it is known among your own neighbors. Ask them. Go to Smith Co.'s drug store and ask about the wonderful results it has been accomplishing in cases they know—or send to Geo. H. Mayr, Mfg. Chemist, 154-156 Whiting St., Chicago, Ill., for free book on stomach ailments and many grateful letters from people who have been restored. Any druggist will tell you its wonderful effects.
